

Rol-Lift Series T Frame

Including Series T 2.9 (Lowered Height) Jacks

Note:
 Rol-Lift is converting all steer wheels (items 14 and 34) from 8" to 7-1/2". We offer both sizes.

Key difference:
 The main difference between the Series T and Series T 2.9 is the push rod and parts connecting the push rod to the lifting link.

Series T 2.9 (Lowered Height)

RoL-Lift Series T Frame

Including Series T 2.9 (Lowered Height) Jacks

Item	Part No.	Description	List Price	Item	Part No.	Description	List Price
